IN THE UNITED STATES DISTRICT COURT

FOR THE EASTERN DISTRICT OF TEXAS

LUFKIN DIVISION

ROY BRYANT §

VS. § CIVIL ACTION NO. 9:19-CV-105

JOHN DOE, ET AL. §

ORDER OVERRULING PLAINTIFF'S OBJECTIONS AND ADOPTING THE MAGISTRATE JUDGE'S REPORT AND RECOMMENDATION

Plaintiff Roy Bryant, a prisoner confined at the Eastham Unit of the Texas Department of Criminal Justice, Correctional Institutions Division, proceeding *pro se* and *in forma pauperis*, filed this civil rights action pursuant to 42 U.S.C. § 1983 against the unidentified owner of IBM and the Texas Department of Public Safety.

The Court ordered that this matter be referred to the Honorable Keith F. Giblin, United States Magistrate Judge, at Beaumont, Texas, for consideration pursuant to applicable laws and orders of this Court. The Magistrate Judge recommends dismissing the action as frivolous pursuant to 28 U.S.C. § 1915(e).

The Court has received and considered the Report and Recommendation of United States Magistrate Judge, along with the record and the pleadings. Plaintiff filed objections to the Magistrate Judge's Report and Recommendation.

The Court has conducted a *de novo* review of the objections in relation to the pleadings and the applicable law. *See* FED. R. CIV. P. 72(b). After careful consideration, the Court concludes the objections are without merit. Plaintiff's claim that IBM and the Texas Department of Public Safety

are secretly implanting neural chips into Texas prisoners as part of an ongoing experiment is factually frivolous, and should be dismissed pursuant to 28 U.S.C. § 1915(e).

ORDER

Accordingly, plaintiff's objections (document no. 5) are **OVERRULED**. The findings of fact and conclusions of law of the Magistrate Judge are correct, and the report of the Magistrate Judge (document no. 3) is **ADOPTED**. A final judgment will be entered in this case in accordance with the Magistrate Judge's recommendation.

So Ordered and Signed

Aug 10, 2019

Ron Clark, Senior District Judge
